

# Ely St John's Primary School

Year Two Bulletin

13th June 2025

As the weather warms up, please ensure your child is coming to school with a named hat and sun cream bottle in their bag every day. The sun cream needs to be one they can apply themselves.

$$5 + 7 = 12$$

$$5 + 8 = 13$$

$$5 + 9 = 14$$

$$6 + 8 = 14$$

2x table

Please encourage your child to practise these Learn Its at home.

There will be no more spellings tests this year. We will continue to practise key words during teaching time. If you feel your child needs to continue to practise their spellings, the Year 2 Common Exception Words would be a good place to start.

For the last few weeks of term, the homework will be practising some maths calculations. We will list 10 calculations for your child to try at home. This week they need to complete 10 addition calculations, they should use a method we have learnt in class to help. They may choose to use column method to add 2 two-digit numbers, or some calculations could be done mentally. Some children may find it helpful to use a 100 number square.

Here are the calculations:

1.  $23 + 5 =$
2.  $47 + 20 =$
3.  $16 + 9 =$
4.  $34 + 6 =$
5.  $50 + 25 =$
6.  $12 + 13 =$
7.  $21 + \quad = 40$
8.  $60 + 15 =$
9.  $29 + 11 =$
10.  $40 + 9 =$

Thank you for your support,

The Year 2 team
